

SERIES OF GREAT TORNADOES KILL 175 AND HURT HUNDREDS

Half-Dozen States Swept by Violent Storms Which Wipe Out Whole Towns And Sweep Path Across Rich Agricultural Districts.

MORE THAN SCORE KILLED IN OHIO CYCLONE CENTERS ABOUT TOLEDO

Ohio, Michigan, Indiana, Illinois, Georgia And Other States Visited by Four Distinct Cyclonic Disturbances

Property Loss Will Reach Many Millions And Thousands Of Persons Are Homeless—Wire Service Demoralized.

CHICAGO, MARCH 29.—(Associated Press)—With wire communication gradually being restored with the sections of the Middle West states swept by the tornado yesterday the known dead at noon today was placed at ninety-three. These reports included the deaths from Ohio, Indiana, Illinois and Michigan.

Chicago and its suburbs show a great toll of deaths. Twenty-nine persons were killed with great property loss at Melrose Park. Wisconsin and Missouri each reported one person killed.

The most foreboding rumors today were from the southern Michigan peninsula and rural districts.

The property loss in the Middle Western states will reach millions of dollars, and thousands were rendered homeless.

Elgin, Ill., where eight persons were killed, suffered approximately \$4,000,000 damage when the tornado wrecked a large portion of the business quarter of the town and part of the residence section. Military law was declared in Elgin and former service men volunteered.

Residents and detachments of infantry were working today in clearing the great amount of wreckage in Chicago suburbs.

Nurses from various hospitals who worked all night were relieved today by a detachment of medical corps men. The suburbs are under military law.

From Elgin the tornado swept northeastward around Chicago, smashing through Melrose Park, Evanston, Wilmette and other suburbs with a trail of wreckage and deaths. In Melrose Park and Wilmette fire added to the havoc. The twisters which swept through Michigan and Ohio and Indiana apparently were distinct from the Illinois storm.

DEAD IN SOUTH REACH 75 MARK

(By Associated Press.)

Atlanta Ga., March 29.—With 75 dead, several hundred injured and thousands rendered homeless the list of casualties growing out of the tornadoes which swept sections of Georgia and Alabama yesterday continue to grow.

Additions to the list are expected hourly. The casualties resulted in La Grange, West Point, Milner and Macon, Georgia, and Alexander City and Agricola, Alabama.

DEATH RIDES IN STORM CLOUD AROUND TOLEDO

(By Associated Press.)

Toledo, O., March 29.—

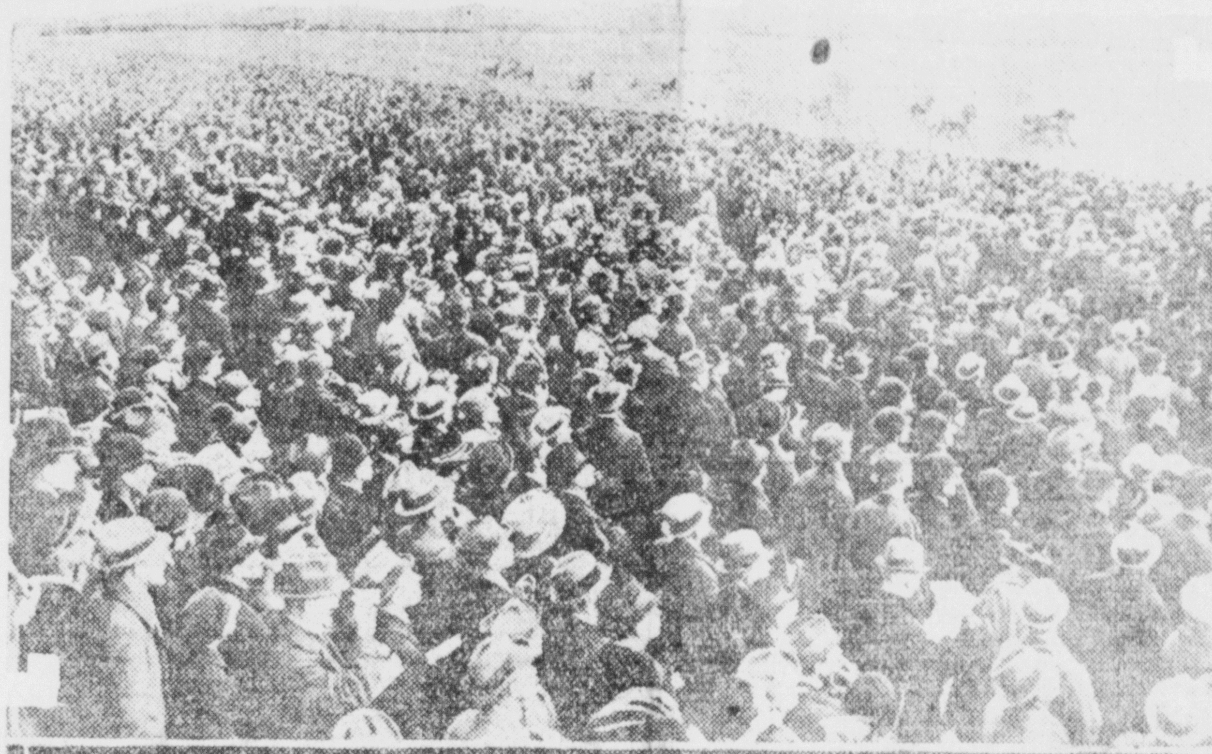

Casualties in the storm which swept Toledo and vicinity yesterday afternoon and late last night numbered 20 killed and hundreds injured, as far as could be learned today, with communication to surrounding points badly impeded by fallen wires.

It was estimated that property damage in and about Toledo will run into millions. At Swanton, near here, damage of close to \$1,000,000 is reported. Reports of death and destruction are steadily coming in from surrounding points.

More complete reports are expected when communication is re-established with Bowling Green, Liberty Center, Swanton, Martin and other points swept by the hurricane.

Six were killed and many injured near Defiance when the cyclone completely demolished the town of Renolt and wrecked all the residences in Brunersburg. At Renolt fire followed, adding to the demolition of the village.

GERMANS FORGET THE REVOLUTION AND GO TO THE RACES

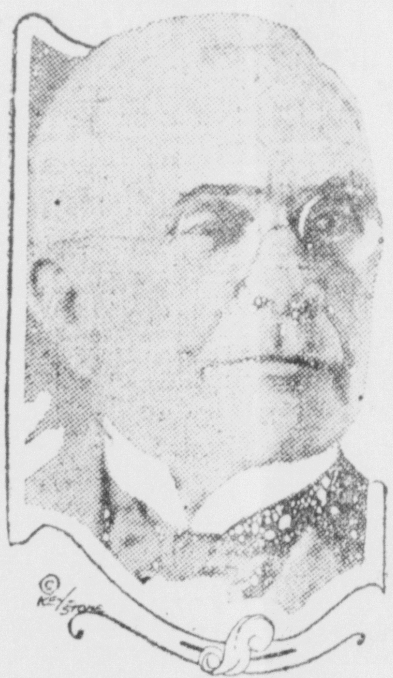

Just how seriously the Germans take their revolution is indicated by this picture, received a few days

ago from Germany. It was taken at Mariendorf, near Berlin, on the recent occasion of the horse races

there. Everyone in the throng seems to be well dressed. There is not a rag in sight.

FORMER GOVERNOR GOES TO SENATE

Senator B. B. Comer.

B. B. Comer, former governor of Alabama, has been sworn in as United States senator to serve until the election of a successor to the late Senator John H. Bankhead. Senator Comer was appointed by Governor Kilby of Alabama.

TOLL GROWING AT GREENVILLE AND NASHVILLE

(By Associated Press.)

Dayton, March 29.—The death list of the tornado at Greenville and Nashville was swelled to four today when Elmer Cole, farmer, died from injuries received when his house was wrecked.

The other dead are: William Mote, 55; Mrs. John Olwine, 46; and John Heck. Sixteen were injured, several seriously, at Nashville and Greenville. Total damage in the territory surrounding the two stricken towns was estimated at \$500,000. William Johnson, 45, farmer, was struck and killed by lightning at Sidney.

INDIANA DEAD 27

(By Associated Press.)

Indianapolis, March 29.—Twenty-seven dead and at least 100 missing was the toll taken in the tornado which swept through northern Indiana yesterday, according to reports reaching here today.

ELGIN BEGINS TO DIG OUT

(By Associated Press.)

Elgin, Illinois, March 29.—Elgin today began digging itself out of the wreckage of yesterday's storm which claimed many lives and caused great damage.

Merchants and professional men joined laborers in clearing the streets. Several business blocks remained roped off today while workmen prepared to raze the tottering wrecks which swayed in wind in momentary danger of falling into the streets. The electric light plant was wrecked and all factories without their own power are shut down.

TOLL GROWS IN MICHIGAN

(By Associated Press.)

Detroit, Mich., March 29.—Reports up to noon from virtually every section in the path of yesterday's storm show a total death list of nine and more than a score injured.

Four were killed between Flint and Ponton, three between Battle Creek and Nashville, and one at Hart.

AT NASHVILLE

(By Associated Press.)

Dayton, March 29.—The death toll in the Nashville storm was raised to five today when Mary Heistand died of injuries.

PEACE IS NEAR IN RUHR VALLEY

(By Associated Press.)

Essen, March 28.—Prospects of a speedy peace in the revolutionary workmen's movement in the Ruhr region seemed bright tonight following a conference of representatives of the Berlin trades unions, and the communist authorities.

There were signs of discord in the workmen's army and a conflict between the military and civil leaders of the movement and the conferees declared strongly for supremacy of the political leaders.

BORAH SAYS GEN. WOOD MUST CURB EXPENSES

Reiterates Former Claim And Wires Wood to Cease Ere Disgrace Comes.

Declares Information From Various States Confirms His Claims.

(By Associated Press.)

Washington, March 29.—Reiterating his charges of excessive expenditures in the interest of Major General Wood's candidacy for the republican presidential nomination, Senator Borah, republican of Idaho, telegraphed General Wood today declaring that unless the practices of the Wood campaign ceased they would "bring disgrace upon your name, upon your party and upon your country."

Information from various states, the message added, had convinced Senator Borah that his previous statements about the Wood campaign expenditures were modest.

GERMAN TROOPS ENTER VALLEY TO QUELL RIOTS

Had No Permission From Allies And Have No Reasonable Excuse.

Ruhr District Scene of Treaty Violation

(By Associated Press.)

Paris, March 29.—Absolute confirmation of the entrance of regular army troops into the Ruhr district on the edge of the allied zone of occupation without any permission from the allies has been received by the French foreign office, it was declared today.

The subject, it was stated, will probably come up before the supreme council in London today. The French say they find no excuse whatever for sending troops into this section.

NO SUSPENSION OF COAL MINING

(By Associated Press.)

New York, March 29.—President Lewis of the United Mine Workers today issued a statement denying there would be a suspension of work in the bituminous coal district of Illinois or any other districts on April first.

SAYS PATRIOTISM IS USED TO CLOAK A VICIOUS LOBBY

Mrs. Frank A. Vanderlip.

Mrs. Frank A. Vanderlip, wife of a well known New York banker and chairman of the League of Women Voters of New York, has thrown a bomb into the Empire state legislature by asserting that organizations pretending to be patriotic exist for the sole purpose of misleading public opinion and killing social welfare bills now before the assembly. The statement was made after a long and careful investigation by the league.

NEW AGREEMENT TO BE SIGNED WITHIN A WEEK

Bituminous Miners and Operators Expect Speedy Agreement.

(By Associated Press.)

New York, March 29.—A new wage agreement based on the majority report of President Wilson's bituminous coal commission will be signed within a week, it was predicted by members of the general scale committee of operators and miners who arrived here today to negotiate a new contract.

President Lewis, of the United Mine Workers, said that common sense would rule throughout the conference and there would be no reason for further delay in clearing up the bituminous situation. He indicated the miners would attempt to obtain further concessions from the operators as to the working hours and wages.

FARMER LOSES \$25,000 IN FIRE SUNDAY NIGHT

(Special to The Herald)

Cedarville, O., March 29.—A fire which started in a barn on the Frank Townsley farm three miles east of here, late Sunday evening, destroyed the barn, another barn adjoining it, together with 14 head of cattle and 12 head of horses, and then destroyed the large brick farm residence occupied by Mr. Townsley's son, Ralph Townsley.

Mr. Townsley's loss will reach considerably over \$25,000. He is a cousin of J. W. Townsley, residing near Washington C. H.

COMMITTEE NAMED FOR INTERCHURCH WORLD MOVEMENT

With the perfecting of an organization Saturday afternoon when pastors, laymen and those interested met at the Y. M. C. A. in this city the interchurch world movement was launched in Fayette county.

An executive committee, composed of five ministers, five laymen, and five women, was appointed. F. L. Fraser, general secretary of the Young Men's Christian Association, was selected County Chairman.

Ministers composing the executive board are: F. L. Fraser, K. B. Alexander, William Brynthon Gage, Rev. McKinnon of Jeffersonville; Kerns Preston of Bloomington.

Laymen on the board are: F. E. Hidy of Milledgeville; F. M. Barnes, A. F. Hopkins; G. S. Threlkeld of Jeffersonville; C. L. Lytle of Good Hope.

Women members are: Mesdames M. O. Ireland, J. W. Miller, J. A. Van-Gundy, Lulu Robinson, W. S. Patton.

J. L. Cadwallader has been appointed publicity manager of the county and will have charge of all propaganda work connected with the movement.

The first meeting of the committee will be held Tuesday noon when the executives will have luncheon at the Y. M. C. A. and decide upon the proper course to proceed with their work.

I SUFFERED THREE YEARS

Finally was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lowell, Mass.—"I was all run down and had an awful pain in my right side, was persistently constipated and had very dizzy spells. I suffered for three years and was perfectly miserable until a friend was telling me to try Lydia E. Pinkham's Vegetable Compound and I found it a wonderful medicine. I can now do twice as much work and other women. You can use these facts as a testimonial."—Mrs. M. THEALL BESSEY, 186 Appleton Street, Lowell, Mass.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound!

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

EAT ALL RIGHT, SLEEP ALL RIGHT

But Still Don't Feel Strong and Well, Probably the Blood Needs Strengthening.

PEPTO-MANGAN WILL DO IT

Sold in Liquid and Tablet Form Both Possess Same Medicinal Value—Insist on "Gude's."

It's not just laziness that robs some people of their energy and spirits. Sometimes their blood is simply too weak to supply the necessary fuel and oxygen to the body.

Nothing will restore strength to a thin-blooded body unless the blood itself is made strong, red and rich.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. —Adv.

MODERN METHOD NON-FEE MEMBERSHIP FOR THE Y. W. C. A.

The membership campaign for the Y. W. C. A. is now under way. A new plan of membership is being used—the non-fee basis. Every girl and woman is urged to read this explanation carefully, so that when approached by the membership committee she will understand.

1.—Membership is limited to girls 12 years of age and over. There is no limit at the other end, but any woman interested is invited to become a member. This does not mean that no girl younger than 12 can be admitted to any activities or classes, but they will not be actual members.

2.—Those who come in as members will not be asked to pay a fee. They will join because they believe in the purpose and are willing to pledge themselves to back that purpose in some way.

3.—All activities of the Y. W. C. A. will be open to the whole community—member and non-members alike. Certain of these activities will require a fee, such as gymnasium, swimming, and certain special classes. Clubs, when organized, will decide on their own fees.

4.—The Y. W. C. A. being open to the whole community, the whole community will be asked to support it. Members will be given an opportunity to subscribe to the budget whatever they desire. This subscription will not include privileges of any kind, but will be counted as a gift. Employers of women, mothers, fathers, business women, girls, everyone interested in the welfare of the community will want to support it because it will be a direct benefit to them and to the community.

5.—The program of the Association will include:

(a) Club activities for various groups emphasizing health, knowledge, wholesome recreation, high Christian ideals, service.

(b) Special classes in Bible study, citizenship, or any special training not being offered by some other institution, to be formed as desired.

(c) A special emphasis on physical training through gymnasium, and swimming classes and outdoor recreation.

(d) Good wholesome recreation for all girls, parties, hikes, picnics, camping and many other things.

The summer program will be more informal than that for the fall and winter, and will put a special emphasis on outdoor sports, a summer camp, and informal club activities. It is hoped that a number of girls and young women will be able to attend the various summer conferences, and bring back the inspiration from them. Above all, the Christian purpose of the organization will be emphasized through ever activity.

FIRST GERMAN COLORS ARRIVE

The tramp is taking on a cargo of relief foodstuffs, cotton and agricultural machinery for Germany.

POLISH OFFICER WILL BE SHOT

(By Associated Press.)

Warsaw, Poland, (by mail).—Lieutenant Stanislaw Zebrowski, of the Polish army, tried by court martial and found guilty of a charge of having misappropriated 10,000 marks belonging to his regiment, has been sentenced to be shot, it was announced recently. At the present rate of exchange 10,000 marks is the equivalent of about \$63 in American money. The prosecution contended at the hearing that Zebrowski had lost the money betting on horse races.

26,883,566 WOMEN MAY BE ELIGIBLE TO CAST BALLOT

(By Associated Press.)

Washington, March 29.—Ballots cast by women in the coming Presidential election will fall short of the potential men's vote by over 2,500,000 provided the suffrage amendment is ratified and state registration laws enacted in time to permit women all over the country to participate, according to estimates by the national Woman's Party.

With the 1910 census as a basis the Woman's party estimates the number of men eligible to vote at 29,577,690, and the possible women voters at 26,883,566. In 1916, however, the actual vote cast for all various Presidential candidates was 18,528,743, omitting ballots thrown out for cause, which leaves over 11,000,000 possible votes unregistered. If as large a proportion of the men

voters remain indifferent in the coming election, women political leaders here say that the eagerness of woman to exercise their newly acquired privilege may more than offset the disparity in numbers between the sexes.

In five states, moreover, women of voting age outnumber the men. Massachusetts has the greatest preponderance of women "voters" with 58,264 more women than men, North Carolina is next with a women's majority of 15,288 and South Carolina with 10,307 is third. In Rhode Island women of voting age outnumber the men by 3,196 and in Maryland by 1,292.

HIGH ATHLETES TO GET LETTERS

THE MORE PARTICULAR YOU ARE, THE GREATER REASON FOR SENDING YOUR CURTAINS TO THE ROTHROCK LAUNDRY 70 1/2

The largest organization of office workers in the world numbers 350,000, and is in Germany.

The Profit in High Prices

Five years ago this very paper you hold was worth about \$1.82 per hundred pounds, contract price. Today it costs from \$4.50 to \$5.00 per hundred—an increase of about 270 per cent. Yet the demand is greater than the supply.

The paper in the latest novel you pick up was sold five years ago around 3½ cents a pound. Today machine-finished paper of the same quality can be bought for 12 cents a pound—an increase of 283 per cent. Yet the demand continues to increase.

With few additions to the capacity of paper mills, the demand for book paper has increased nearly fifty per cent since 1915.

No provision has been made to supply this great increase in tonnage. Such increased demand cannot be supplied over night. Paper machines must be made to order, and orders placed today will be for delivery in not less than two years, at prices current at date of delivery.

These facts prove two things. First—both the demand for book

paper and the price of it have increased enormously, and show no signs of lessening. Second—existing mills are hardly able to supply the present demand, and new mills cannot be built over night.

Given a business selling goods at high prices to supply an insatiable demand—without danger from new competitors—and what have you? A business that you would like to have money in.

Such is the desirable situation in which we find the Mead Fibre Company. Under expert management—with raw materials assured at low prices—with a ready sale for the finished product assured at high prices—and with net assets of over 300 per cent back of every share—the First Preferred stock of the Mead Fibre Company is unusually desirable.

Furthermore, the income from this stock is over 7 per cent. It is not subject to local taxes. Therefore, it earns more than twice the net yield of an investment paying 5 per cent interest, but subject to tax return on April 11th. Price \$97.50 and accrued dividend per share.

AUSTRIANS SEEK EMPLOYMENT ON U. S. MERCHANTMEN

(By Associated Press.)

Galveston, Texas, March 25.—Thousands of Austrian mariners, prevented under the terms of the treaty of Versailles from sailing under their own flag, are seeking employment in the United States merchant marine according to Captain O. J. Christensen, in charge of the shipping board's sea service bureau here. The captain received a letter from the Austrian consul-general at Hamburg, stating that the plight of the Austrian seamen is deplorable.

Former officers of the Imperial Austrian navy, skilled electricians, expert machinists, telegraph operators, engineers and assistants, the letter says, are among those who are anxious to sail under the American flag.

The men seeking employment in this country, the letter states "are mariners heart and soul" but owing to the fact that their country no longer possesses egress to the sea "never can hope to again practice their beloved profession under the flag of their own country."

Hundreds of the applicants for positions, according to the consul-general's letters, are of the upper stratum of society, speak several foreign languages and are otherwise qualified to hold responsible positions in the merchant marine.

Stronger Proof Needed

We hold no brief for General Wood in his ambitions to be president of the United States. We fail to see any good reason, at this time, why he should be chosen for such an important post of duty and one so entirely out of line with his training and experience, but when Senator Borah and Senator Johnson make ugly charges about slush funds, we immediately enlist on General Wood's side.

The mere fact that one candidate is spending more money in his campaign, or in a more conspicuous way, than others is not conclusive evidence of unlawful expenditures.

Each candidate seeks, in different ways, to obtain favorable notoriety. That requires the expenditure of money and when the expenditures are confined to legitimate channels there is no harm done and no violation of law even though with the same or even more expenditure along certain lines a bigger showing is made by one candidate than others.

For aught we know General Wood may have too much money back of him—he may, possibly, be spending some of it unwisely and possibly, too, he may be spending some in violation of the spirit of the election laws, but it is well not to presume that on the unsupported charges of Johnson and Borah.

Until something more substantial appears General Wood should have the benefit of the presumption of innocence.

Plunkett Talks

Just what the Senate committee "investigating" the navy's conduct of the war may think of the very unusual conduct of Admiral Sims and his associated grumblers is not important, but so far as the public is concerned, the whole proceeding, for a long time tedious and uninteresting, is becoming positively distasteful, aggravating and insulting to the whole nation.

On Friday Rear Admiral Plunkett made the amazing declaration before the committee that the superior gunnery of the Germans "turned the British on their heads" at the battle of Jutland.

That's rather a strange statement for a navy officer to make when the German ships fled from the British at Jutland, defeated, discouraged and disorganized, so hopelessly routed that never again during the whole duration of the war did they dare to venture out of a safe harbor save with submarines and in isolated instances with piratical raiders fitted out across the sea to prey upon commerce and destroy unarmed ships and butcher innocent non-combatants until they were overhauled by the allied battleships.

It is strange indeed that the Germans should allow their navy to remain in the harbor of Kiel until it rusted and rotted to pieces if they had gained such a signal victory over the British at Jutland, as Rear Admiral Plunkett details.

Perhaps the Germans after Jutland regarded the sailors, the gunners and the ships of Great Britain, France, Italy and the United States with more respect than Sims, Plunkett and Company seem to hold for them.

Perhaps the envious officers have felt their cause growing in disfavor and felt the need of another sensational disclosure. At any rate Plunkett has made one all right.

Organizations

The continued growth in power and number of organizations is not encouraging. Criticism of that tendency, which is not regarded as helpful by those who hope for lower prices in living costs, is becoming general throughout the country.

We seem to have gone wild on organization. All kinds of industries are hastening to band themselves together announcedly for protection and efficiency. One development of the war period which we were made to realize was the necessity for combined effort—for a concert of action and our success then seems to have opened up a new vision of possibilities in peace times.

Perhaps the purpose now underlying these organizations is entirely innocent at this time and perhaps one organization necessitates others, but the multitude of organized activities opens wide the door to conspiracy against other organizations and against the public in general.

Organization too often leads to price fixing, supply control and political meddling which is a menace to free government by all the people for all the people.

POETRY FOR TODAY

CRAVINGS OF CATCHY

All the world was near to-day,
The waves were carvings of
Cathay
Thrown and broken at my feet,
And these old desert sands were
sweet

With dead pagodas, buried tiles
And ocean grass for miles and
miles.
Every little turf of green
Was a brush stroke on a screen,
Mounds and dunes made a re-
doubt

For keeping all the Tartars out,
And a temple cloud was dim
On the sea's imperial rim.
This, the ocean I was on,
Confucius witnessed from Tai-
Shan.
The knees of Buddha made the
sign
Of calm that I composed with
mine.
And as many as the sands,
Were Kwan-Yin's mercies and
her hands.

I could hear a dragon whelp
Mewing in a maze of kelp,
Gulls, with turnings, flashes,
flares,
Filled the wind like paper pray-
ers,
And capping me, like Him, from
sun,
The snails of thought crawled,
one by one.

THE WORST IS YET TO COME

DOESN'T HAVE TO LIE DOWN THRU DAY NOW

This Woman Can Keep Going
All Day Since Taking
Viola-Tonic.

Mrs. Lou Anderson, 119 West Four-
teenth street, Cincinnati, Ohio, is
stronger and better since taking
Viola-Tonic, "Builder of Strength"
and doesn't have to lie down and rest
during the day now.

"I was weakened and run down,"
Mrs. Anderson said. "Lots of times I
felt so weakened and tired out during
the day that I had to stop my house-
work and go and lie down and rest."

"My appetite was poor and my
stomach was out of order. It didn't
make any difference how good a
meal I cooked I didn't care for it. The
little food I did eat didn't agree with
me. Gas always formed on my stom-
ach after meals and caused pressing
against my chest and pains. I belched
a great deal after meals also. I was
badly troubled with constipation, too."

"Within two days after I started
taking Viola-Tonic I felt better and
stronger. My appetite returned and
I found that I could eat without dis-
tress afterward. Gas didn't form on
my stomach as it did before and the
pressing against my chest and pains
disappeared. The constipation left
me quickly also."

"I kept on taking Viola-Tonic and
now I am much improved. I'm much
stronger and I don't have to stop my
housework and go lie down and rest
during the day now."

"I can eat about anything I cook,
too, and I enjoy my meals. Even the
smell of food is appetizing."

knocked it out for him.

"I had to be taking medicine all

"I was bilious all the time; had
headaches, dizzy spells, bad taste
in my mouth and my breath was
foul. I was so restless and nervous
that I couldn't get a night's sleep.
My stomach didn't seem strong
enough to digest my food and dys-
pepsia had a hold on me."

"I bought some Drecko, as I heard
it spoken of very highly, and that's
the first medicine that ever did me
any real good. It got my bowels
moving nicely, cleaned the excess
bile from my liver, which relieved
my headaches and stopped the dizz-

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Honoring Mr. and Mrs. Fred A. Schmidt, of Springfield, and daughter Katharine Mae, upon her seventh birthday, Mr. and Mrs. Glenn Rodgers gave an elaborate dinner Sunday. Their guests special friends of Mr. and Mrs. Schmidt.

The table was lovely, laid with fifteen covers, and decorated with pink and white carnations and greenery and a birthday cake, upon which burned seven pink tapers.

Four courses of the season's delicacies were served and the dinner hour and subsequent afternoon were of exceptional pleasure.

Seated with the honor guests were Mr. and Mrs. Glenn Pine, Mr. and Mrs. Jesse Blackmer, Mr. and Mrs. O. A. Winkle, Mr. and Mrs. Arthur Burgett and daughter Rosemary, and Mrs. M. F. Stuckey.

Mr. and Mrs. Charles Seibert (nee Florence Ervin) of near Jeffersonville, extended cordial hospitality Sunday at a delightful dinner. A fruit centerpiece embellished the table, at which were seated with the host and hostess Mr. and Mrs. C. P. Shively and children, Helen Louise and Mary Jane, of Springfield; Mr. and Mrs. O. W. Ervin and son Mason; Mr. and Mrs. Wallace Ervin; Mr. and Mrs. Fred Conner; Verne Seibert, home from the O. W. U. for the spring vacation; Miss Ruth and Omar Seibert.

Two thousand women and girls from all parts of the United States, representing varied occupations, ages, races and types, are to meet at the convention of the Young Women's Christian Association of America in Cleveland, April 13 to 20. Five hundred met at the last convention in

1915. This increase in attendance is significant of the enlarged influence and activities of the Association during the war years. College students, industrial girls, women in professional and business life, women from the homes and women of social and political prominence will all meet together to consider the place of the Y. W. C. A. in the social and religious movements of the day and determine the association's policies for the next few years. Girls from the Orient, South America, Canada and girls from European families will attend as guests. Among the well known women to be present are Mrs. William Fellowes Morgan, Mrs. John M. French, Mrs. Henry P. Davison, and Mrs. Robert E. Speer, of New York—all of them members of the National Board—and Lady Falconer of Toronto, who will represent the Association in Canada. Michi Kawai is the speaker from the Japan Association.

Among the men who are to take part in the program are Dr. Robert E. Speers, Dr. S. Earl Taylor, Dr. Harry Emerson Fosdick, Mr. Fred B. Fisher and Dr. Chas. S. MacFarland, of New York City; Dr. Charles W. Gilkey of Chicago and Bishop F. J. McConnell of Denver.

A quiet wedding took place at the home of Mr. and Mrs. J. C. Miller of Briar Avenue, Saturday evening at half after five o'clock, when their daughter Miss Bertha B. Miller was united in marriage to Mr. John Nylen, of Cleveland.

The attractive bride, a brunette in type was attired in a pretty gown of blue taffeta and georgette.

A feature of unusual impressiveness was the baptism of the only two grand children in the Miller family. Gene Miller and Elizabeth Frances, Hard, children of Mr. and Mrs. Frank L. Hard, immediately at the close of the marriage ceremony.

Following the services an elegant wedding dinner was served to members of the immediate family, and the officiating minister, Rev. William Boynton Gage. A yellow and white color scheme was effectively carried out in the decorations of the dining room.

Mr. and Mrs. Nylen left Sunday morning for Cleveland, where they will make their future home.

The children and grand children of Mrs. William Shoemaker of Gregg street tendered her an enjoyable surprise Sunday, in honor of her fifty-fourth birthday anniversary.

At noon an old fashioned birthday dinner was served with Easter suggestions prevailing in the decorations. Seated with the honor guest were Mr. Shoemaker, daughter Thelma, Mr. and Mrs. O. P. McCoy of Akron; Mr. and Mrs. Howard Barker, of Dayton; Mr. and Mrs. H. F. Flint and children of Marysville; Mr. and Mrs. Orville Flint, Mr. GlenSpeaks and family of this city, with Mr. and Mrs. D. N. Barker, Mr. and Mrs. Elmer Shoemaker and children of Bloomingburg, additional guests.

Once a year, the Young Women's Foreign Missionary Society of Grace Church entertains the children of the Light Bearers, an auxiliary of the Missionary Society and the Easter party of Saturday afternoon was another red letter day in their calendar.

Forty little forks spent a happy afternoon together in the church basement; a rabbit contest, light refreshments and a story hour, Mrs. Herbert Chapman telling the stories, were features. There were also a number of recitations by the children, which added to the fun.

Miss Fern Sunkle engineered the party, assisted by Mrs. Herman Price and Mrs. Jess Feagans.

Mr. Charles Skinner only son of Mr. and Mrs. John Skinner of Piqua County and prosperous young farmer of that community, and Miss Myrtle McCrum formerly of Piqua County, but for the past eighteen months employed in the Ready-to-Wear Department of Craig Bros. store, were married by Rev. William Boynton Gage at the Presbyterian Manse, Saturday afternoon at two thirty.

The bride, who has made a number of friends during her short residence here, was becomingly gowned in a suit of midnight blue serge with hat and blouse en suite.

The future home of Mr. and Mrs. Skinner will be made on the farm of the groom's father near Charksburg, which the groom will operate.

Miss Massie Elizabeth Crispin, daughter of Mr. and Mrs. Isaac Crispin, of the Lewis pike, was united in marriage to Mr. Elmer Bart Yahn, son of Mr. and Mrs. George Yahn, of the Bogus road, Monday morning at ten o'clock, at the Presbyterian manse. Rev. Wm. Boynton Gage performed the ring ceremony, which was witnessed by the parents of the bridegroom.

The bride looked pretty in a handsome gray tailored suit, with Spring hat, gloves and shoes en suite. She is a graduate of the local High School, class of 1919, and has since held the position of stenographer in the law office of Hidy and Sanders.

Both young people have a large number of friends who are heartily extending best wishes.

The bridegroom, formerly engaged in farming with his father, now holds a position with the Maize Auto Co., of Columbus, and after a few days of visiting with their families and friends here, takes his bride to Columbus to make their future home.

Mr. and Mrs. William H. Lightelle left the last of the week for Boston, Mass., after a visit with Mrs. Lightelle's mother Mrs. Maude Coffman.

Mrs. Carrie Deere entertained Sunday, Mr. Edward Johnson and family of Wilmington, Mr. and Mrs. Alfred Johnson, of Sabina.

SUNDAY SERVICES PROCLAIM CLIMAX SPECIAL MEETINGS

With interest in the spiritual life stirred anew, and a number of accessions to the church the pre-Easter services at the Presbyterian Church closed Sunday night.

There were very large congregations at both morning and evening services.

Dr. Faulconer's services were shown substantial appreciation in a generous gift from the people who have become warmly attached to him during his two weeks of preaching. He is a remarkable evangelist, uncompromising in his presentation of the truth, yet without harshness or sensationalism, and making his appeals with tact and simplicity. He is always equal to any occasion and his easy adaptation and humor make him peculiarly human and accessible.

Rev. Faulconer left Monday for Cincinnati to conduct pre-Easter services in the Glendale Church.

His Sunday sermons led up to the climax of his work with great power. At the evening service Rev. Faulconer warmly expressed the appreciation shown him by the local people, his gratitude to the church choir, to Rev. Ferguson, of the First Baptist Church, who led the singing with such splendid enthusiasm, to Y. M. C. A. Secretary Fraser and to all who lent aid and encouragement. He also spoke fervently of the conscientious work of the pastor, Ray, Gage, during these services. The church presented a gift to Rev. Ferguson as well as Dr. Faulconer.

The Sunday music was especially noteworthy. In the morning the choir sang a glorious anthem, and after the sermon Miss Ada Woodward, choir director, and Miss Maxine Kibler sang by request, the very beautiful duet "Whispering Hope."

Y. M. C. A. Secretary Fraser led the chorus singing in the evening. Miss Woodward and Mr. Denny McLean adding a very effective vocal duet to the program.

FAYETTE SWEPT BY HIGH WINDS

High wind and rain swept a large part of this county Sunday night and Monday morning touching at northern sections with greater velocity than other points.

The wind was the tail-end of the "big blow" which came as far east as Greenville with disastrous effects. As far as could be ascertained little damage resulted from the wind in this county.

MERCURY WAS LOW JUST A YEAR AGO

Just a year ago Sunday the fruit buds of Fayette county were being endangered by a temperature that went as low as 25 degrees above the zero mark and was hanging around the freezing point during most of the day.

Sunday the mercury climbed to 74.

Over 30,000 Italians have gone back to Italy from the United States.

GENUINE LUCK BRINGS BIG BASS

Fisherman of this city flocked to the creeks of Fayette county last week and their luck was evidence of the number of fine fish taken from the waters. Besides dozens of smaller specimens hooked, six more than ordinary type bass were secured at Brown's Drug Store weighing from almost two to four pounds.

James Dawson claims the biggest catch of the season with a 3 lb. 13½ oz. bass taken from the north fork of Paint creek; Perce Pearce has taken two, from Compton creek one 3 pound 11½ oz. and the other 3 lb. ½ oz.; O. S. Tobin weighed in at 2 lb. 14½ oz. also taken from Compton, and James Dawson 1 lb. 13 oz. and Roy Flowers 1 lb. 13½ oz. both taken from north fork of Paint, are the next in size.

The fishing fever is reaching out with the coming of warm weather to more men than ever before and previous records of bass taken from Fayette creeks may be broken; is the expectation of local sportsmen.

CAR STRIKES TREE IS BADLY DAMAGED

When a radius rod broke a Ford coupe owned by Dr. L. M. McFadden and driven by his chauffeur, crashed into a tree on West Court street, Sunday evening. The car was badly damaged, but the driver was not injured.

The car was pitched into a tree in front of the Mrs. Jane Daugherty home and the radiator of the machine was smashed. Other damage resulted in a broken right wheel and shattered windshield.

DESTRUCTIVE TORNADOES

Scores Killed, Hundreds Injured
And Millions of Dollars Worth
of Property Destroyed By
Terrific Winds.

Illinois, Indiana and Southern
States Suffered Most Reports
Indicate.

Elgin, Illinois, in Darkness and
Under Military Law as Re-
sult of Catastrophe—Indiana
Villages Wrecked.

(By Associated Press.)

Elgin, Ills., March 28. At least eight persons were killed and property damage estimated as high as four million dollars were caused by tornado that struck this city shortly after noon today.

A large part of the business quarters and a portion of the residential section was in ruins tonight, and it was feared more bodies were under the wreckage. Military law was declared tonight and the streets cleared by troops to prevent looting.

Elgin was in darkness tonight. More than one hundred persons were injured in this city. Light and trolley wires were down. Street car service was suspended. Trains were blocked by up-rooted trees and for a time only one telegraph and telephone wire connected the city with the outside world. Four persons were killed in collapse of the Congregational Church. Fire broke out in three places in the city following the tornado. The storm struck Elgin from the south west during a torrential down pour of rain and swept north east across the heart of the city leaving a trail of destruction 200 yards wide.

(By Associated Press.)

Chicago, March 28. — A score of persons were killed and a hundred or more injured today by a tornado that swept the country and a number of towns north and west of Chicago and ravaged some of the city's northwest suburbs.

The property damage ran

into millions of dollars. From Elgin, the storm passed on to the northeast. Meager reports brought in by farmers indicated great damage in a widespread rural region.

At Melrose Park, on the western edge of Chicago, sixty houses were destroyed, the devastated area covering four blocks. The tornado followed a severe hailstorm. Tonight, six dead had been identified at Melrose park and it was predicted at Melrose park would reach twelve. Scores were injured. Fire followed collapse of buildings.

A score of house in Evanston were demolished and a number of persons injured but no fatalities were reported. The damage in Wilmette, another north shore suburb, was estimated at \$500,000.

FIVE KILLED

Montgomery, Ala., March 28.—Four or five persons were killed and the northwestern part of the town of West Point, Georgia, destroyed by a tornado late today, according to meager information received here. The Presbyterian church, railway round-house and many other buildings at West Point were partially wrecked.

HOLD-UP MAN AGAIN ACTIVE

Another attempted hold-up was staged on West Court street Saturday evening about eight o'clock when a local business man was attacked by an unknown assailant. The man attacked was climbing into his machine when he was struck in the face by a man who was lurking behind the car. Blows were exchanged and the hold-up man took to his heels.

The attempted hold up is the first reported in several weeks or since Clifford Bailey was taken into custody and identified by Ira Bailey as the man who assaulted him.

NO CARD PLAYING IN LONE STAR STATE

D. B. Willhite, recently returned from a trip to Texas, reports that as far as he could learn there is no card playing or open pool rooms where a charge is made in that state. He says it was quite a surprise to a number of men engaged in card playing on the train when, just before crossing the line from Oklahoma into Texas the porter went through telling them to put up their cards—"Nothing doing in Texas."

Mr. Willhite says he has never seen stronger enforcement of the law than in the Lone Star State.

DR. C. E. ELDRIDGE SPEAKS ON STREET

Between four and five hundred people heard Dr. C. E. Eldridge, state superintendent of the Bible Alliance, deliver a sermon on the streets Saturday evening, in the first open air meeting to be held in this city under the auspices of the Y. M. C. A. "God's Foundation" was the theme of Dr. Eldridge's talk.

Saturday evening meetings will be a regular occurrence if the weather will permit.

LAST NUMBER OF LECTURE COURSE

The Madrigal Singers, final number of the Washington Lecture Course, and the highest priced number of the course will be held at Grace M. E. Church tonight and brings to a close a most pleasing course—one of the best in recent years.

AUSTRIANS ARE VERY PESSIMISTIC OVER THE OUTLOOK

(By Associated Press)

Vienna, Austria, (by mail) — A wave of pessimism has swept over the country since Baron Koranyi, minister of finance, and the Food Controller returned from Paris with empty hands except for some small food credits. Newspapers express regret at the delay of the hoped for American loan and publish warnings of approaching exhaustion of food supplies and of another crisis.

Depression prevails in business circles. Manufacturers declare that these dribbles of loans for food purchase are futile and that only credits sufficiently large to enable business to get on its feet by the purchase of coal and raw materials will postpone the complete breakdown of Austria.

One of the basic causes of the country's paralysis is lack of coal due to failure of the coal supplying countries to live up to their agreements. For this reason industries lie idle.

Austria's natural and logical coal supply lies in Bohemia and Prussia or Upper Silesia. Under present arrangements coal is secured, what there is of it, under agreements of state governments and upon arrival here is distributed by government officials. The supply is so small that virtually all of it is needed for limited railway operation, the gas and electric plants and limited private domestic use.

None remains for industries and no factories except those producing the necessities of life are in constant operation. For instance the great Florisdorf locomotive works, with a capacity of 150 locomotives a year have been idle for four weeks while all Europe is crying for railway motive power. The demand for freight cars is insistent and yet the Graz factory with a potential capacity of 300 cars a month produces less than fifty because coal is not to be had and consequently they cannot secure wheels, axles and structural iron for bodies.

Vienna is surrounded with a forest of factory stacks but smoke issues from few of them. This has been true ever since the revolution a few months ago. Manufacturers say that if coal can be hoarded in sufficient quantities, they will manage to find raw materials enough to start with and slowly build up credits for more.

PLANNING MUSIC WITH THE WORK

(By Associated Press)

Cleveland, O. (by mail) — East High School has discovered what trapeze performers, army officers and physical directors have known for a long time.

If music gives rhythm and life to movements of the feet in dancing why not also to the hands in manual exercises.

So the talking machine is taking its place in the commercial classroom. Ragtime tunes, always ragtime, are played to give the typewriting students the rhythm and speed they require. "Smiles," that somewhat shopworn vintage of 1918, dictates the movements in that somewhat older practice sentence—"Now is the time for all good men to come to the aid of their party."

DR. FAULCONER GIVES ANOTHER STRONG ADDRESS

An address out of the ordinary was given by Dr. H. N. Faulconer, Sunday afternoon at the high school auditorium when he spoke under the auspices of the Young Men's Christian Association before a mass meeting of men. Dr. Faulconer summed up his talk under the subject: "An Expensive Haircut, or The Finish of an Old Sport." It was the speaker's second appearance at the Sunday meetings.

The meeting was of a highly spiritual nature and at the end of Dr. Faulconer's sermon three men stood up and declared for the better life. Dr. Faulconer's words came straight from the Bible and the example which portrayed his words was furnished by the famous character of history, Samson, the Israelite, who was shorn of his strength.

The complete life of this man of enormous strength was reviewed by the speaker in a dramatic manner and his story reached a climax when he told how the former strong man, with holes in his face where eyes had once gleamed, reached out his arms and with a shriek brought the temple down in a crashing ruin.

"I am safe in believing," declared Dr. Faulconer, "that Samson is in Heaven. It was the Samson of old that pulled down the temple and not the shadow of the former man. He was filled with the spirit of God when he died."

"The most wicked thing this side of Hell is to lead a person astray," was another declaration of Dr. Faulconer.

Singing, led by General Secretary Fraser of the Y. M. C. A., with Mrs. Robinson at the piano, was an attractive feature of the meeting.

Sunday afternoon meetings are proving even more successful in this city than the religious committee in charge had ever expected. The auditorium was more than two-thirds filled with men Sunday.

PNEUMONIA CLAIMS NEW HOLLAND MAN

Word reached New Holland Sunday that Gale Daley, 24, had died in Akron, Sunday morning at nine o'clock. Death was due to pneumonia. His sister, Mrs. Lora Beatty, of Greenfield and his step mother, Mrs. Brusilla Daley, of New Holland were at his bedside.

Besides the sister and mother with him when he died he leaves two other sisters, Gertrude and Margaret Daley of New Holland.

Daley had worked in a rubber factory at Akron since he was discharged from the United States Marine Corps several months ago and had held the same position before he entered the service.

The body was brought to the home in New Holland Monday. Funeral arrangements have not been completed.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

FOR a real American Breakfast serve Blue Label Karo—the Great American Syrup—on your waffles, pancakes or toast. It is wholesome, pure, delicious and more economical.

Because of the many daily uses for Blue Label Karo—for breakfast, for cooking, baking and candy-making, housewives are buying it by the dozen cans. Ask your grocer the price per dozen.

KNIGHT SUFFERED FOR FIFTEEN YEARS

Petersburg Man is Entirely Relieved of Rheumatism By Taking Tanlac.

"I had rheumatism in all my joints and my muscles were so stiff that a sudden movement of any part of my body caused me to suffer agony," said J. O. Knight, a well-known contracting carpenter living out on Route No. 3, Petersburg, Va.

"For the past fifteen years," continued Mr. Knight, "I had a constant pain under my left shoulder blade. I had rheumatic pains all over my body and my muscles were all drawn up. I could get in no position at night that would give me ease and many a morning I was not able to go to work. I was also trouble with a bad case of indigestion, and after every meal I had burning, gripping pains in my stomach. Gas would build me up until I could hardly breathe and I would often get so deathly sick at my stomach that I could not stand up. Dizzy spells would come on me every day and I became so weak and faint I had to lie down until they passed over. Even after I went to bed these nauseating spells kept me in such misery that I could hardly sleep at all and when I got up I had a bad taste in my mouth and had no strength or energy about me.

"As long as I live I will always feel that I owe a debt of gratitude to my friend who told me about Tanlac. I began to improve after the first few doses and now that I have finished my fourth bottle my troubles have all disappeared. The stiffness in my joints has left me and I haven't an ache or pain in my body. I am enjoying my meals, because I can eat anything I want without suffering any bad after effects whatever. Gas has stopped forming altogether and I am never bothered with those nauseating spells any more. I got up every morning after a good night's rest feeling just fine. I am as sound as a dollar in every way and I never miss a single day from my work. I have gained eight pounds in weight and am feeling better and stronger than I have in years. I prize Tanlac above all medicines, and it will always be a pleasure for me to recommend it."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, and in Oeta by I. W. Murphy.—Advt.

INCREASED VALUES

Are you carrying sufficient insurance to cover the present value of your property?

In the past three years the value of real and personal property has nearly doubled.

Have you increased your insurance by an amount that will correspond with the advance in REPLACEMENT VALUE of your property?

Have you considered how much money you might be obliged to contribute in case of loss, because your insurance may not fully protect you under present value conditions?

In nearly all instances of retooling we are obtaining increased lines on all buildings and stocks.

Present forms of policies allow you to take insurance without notice to other companies.

It is a good business foresight to discuss the point with Glenn M. Pine, "Insurance." Telephone Automatic 5881.—Advt. 62 11

ELEPHANTS HELP DIG CIRCUS OUT OF SNOW

One of the elephants shoveling snow into an empty car.

When Barnum and Bailey's circus, in winter quarters at Bridgeport, Conn., was snowed under recently the elephants were set to work digging the show out of the drifts. The animals did remarkable work with the snow shovel and in pulling snow sleds through deep drifts.

WIFE OF DENNER GETS DIVORCE

Judge Sowers, of Franklin county court, has granted a divorce to Laura Denner, wife of John Denner who was sentenced to life imprisonment in the Penitentiary for the murder of "Hoggy" Bainter in this county a few years ago. The pair were married May 6, 1911.

The divorce recall's Denner's crime which created such a sensation in this part of Ohio some four years ago.

The authorities, receiving a hint through Denner's wife that "Hoggy" Bainter had met with foul play, started an investigation which resulted in the finding of Bainter's body under a makeshift stable where Denner and his brother-in-law had been living while husking corn two miles east of this city. Bainter had been shot twice through the head and his body had been interred some three months when discovered.

The arrest and trial of the Denners is vividly recalled here and while Denner claimed he killed Bainter in self-defense, this evidence was broken down and it was ascertained that he had fired the shots taking Bainter unawares.

The man's skull was exhibited to the jury to show the manner in which the bullets had penetrated the skull.

MAKING EVERY WORK HOUR COUNT

The farm is a busy place at present. Every farmer who can do so has started the breaking plow, and the amount of land that has been turned in the past week is little short of amazing.

Farm tractors are playing a very important part in the rush work, and it is a common sight as one drives along road to see field after field which has been plowed or is being plowed by means of the "Gasoline Horse."

A surprisingly large acreage of clover fields and timothy fields is being broken so that the corn acreage this year promises to be a record breaker in the county. Damage to clover and timothy fields due to ice is largely responsible for the fields being turned for corn.

DIES IN GALLIPOLIS

William Lawery, 59, of New Holland, died in the hospital at the O. H. E. in Gallipolis, Saturday evening at six o'clock. He leaves an aged mother, Mrs. Susan Lawery of New Holland.

The body was brought to the home Monday. Funeral services will be held Tuesday.

SPECIAL SERVICES CHURCH OF CHRIST

A series of services began at the Church of Christ Sunday and will continue each night during the week culminating on Easter Sunday. Each evening the events of the Savior's life taking place on the corresponding day of the "Last Week" will be reviewed.

The meeting each night will be in charge of one of the organizations of the church.

Last night the Christian Endeavor Society conducted the opening part of the service and this evening the Official Board will do a similar work.

The subject announced for Monday evening is "Jesus—The Divine Teacher" and is designated "Friendship Night."

The meetings will begin promptly at 7:00 on account of the program at the Grace Church.

GET IN at the BEGINNING

Last year we consistently urged our Clients and the Investing Public to buy AMERICAN MORTGAGE stock when it was selling at par \$100 per share. The price subsequently advanced to \$105 and then to \$110, and the entire authorized issue of \$1,000,000 was subscribed. This Company uses its capital for city real estate financing, in construction loans and the purchase of second mortgages. AMERICAN MORTGAGE has just declared an extra dividend in addition to the 7 percent paid on the stock. The few shares available are being held at \$110 per share.

We now advise the purchase of stock in THE FARM MORTGAGE COMPANY OF OHIO. This Company uses its capital exclusively for mortgage loans on improved, producing farm property, one of the safest forms of investment known. The Company is in actual operation and can put every dollar of new capital immediately to work at very good net profits.

FARM MORTGAGE stock is now selling at par \$100 per share; the price will be advanced with the progress of the Company. 7 percent interest per annum, semi-annually in July and January, is allowed you from the date of all cash or installment payments on stock subscriptions. SUCH INTEREST IS IN ADDITION TO ANY DIVIDENDS THAT MAY BE DECLARED ON THE STOCK. FARM MORTGAGE stock is all Common and you thus share in all the net earnings; it is non-taxable in Ohio, non-assessable and free from the Normal Federal Income Tax. We advise you to get in at the beginning on this high-grade real estate security. YOU ARE INVITED TO WRITE, TELEPHONE OR CALL AT OUR OFFICES for an interesting circular describing this sound investment opportunity.
